

Gas Abolishment Request Form - Victoria

Phone No: 132 973

Fax No: 1300 131 002

Email: gasmeterfixvic@originenergy.com.au

Important: This application is for arranging the permanent disconnection of a gas supply and removal of the gas meter from a connected property. To ensure prompt processing of this request it is important that the following are in place prior to submitting this request:

- Origin is current Retailer for the property
- Property is vacant
- Final reading has been arranged
- Request is being made by owner of the property and proof of property ownership is supplied with this application (rates notes or solicitors letter)
- Clear access to gas meter location

Failure to comply with any of the above generally result in delays in the request being processed.

Gas Meter No:

Final Reading Date :

Reason for Abolishment:

Date Property is Vacant:

Special Instructions:

Origin cannot process requests for disconnection where it is not the current retailer of the property requiring disconnection. If you have recently connected with Origin it is important to note that the complete transfer process from the existing Retailer can take a number of weeks to finalise and move to Origin which can delay our ability to process this request.

Applications cannot be processed until property is vacant so requests submitted in advance of the vacate date will be held and processed after the listed vacant date. You can expect the disconnection to be completed within twenty (20) business days commencing from the date the gas network receives the request.
